Being an Instructor is a career which requires mature qualities such as responsibility, patience, emotional control, communication skills, as well as a love for the field of cosmetology. The specific aim of the Instructor course is to instruct the Student Instructor how to relate their skills

and knowledge of cosmetology to others through lecture, demonstration, and proper planning. - Provide supervised practical experience for each Student Instructor in the training of cosmetology.
- Develop technical skills and knowledge for successful entry and continual employment in the teaching field.

INSTRUCTOR COURSE ADDITIONAL HOUR REQUIREMENT

The Instructor course is designed to train a licensed cosmetologist to be an Instructor of Cosmetology. In the state of Louisiana, the minimum number of hours required for the course to be completed is 500 hours. Our School has taken the option to require 750 hours to complete the Instructor course. We have found that the additional hours aid the Student Teacher to be more experienced in the actual teaching of classes since the first 500 hours of the course concentrate mainly on theory, theory exams, and observation in teaching techniques. The additional hours are applied to supervised practice teaching in the classroom, theory and practical, as well as the lab floor. We feel that this experience is beneficial to the Student Instructor enabling them to feel more prepared when licensed and working in a Cosmetology school.

LEAVE OF ABSENCE POLICY

A leave of absence is a temporary interruption in a student's course of study and there is a reasonable expectation that the student will return. The Opelousas School of Cosmetology Leave of Absence (LOA) Policy requires all students who need a temporary interruption in training to follow the procedure outlined in this policy in order to be considered eligible to request and receive an approved leave of absence.

The following procedure must be followed in order for a LOA request to be considered for approval:

- Student must make the request in writing by completing the Leave of Absence Request form.
- Student must provide the reason for requesting the leave of absence.
- Request must be signed by the student.

A leave of absence is granted only with approval from the School Director. A leave of absence may be granted for personal reasons (must be stated and upon Director approval), medical, jury or military duty. When possible, documentation of the reason should be provided. The LOA request must be made in advance unless unforeseen circumstances (ex: car accident, medical emergency of student or family member, death in family) prevent the student from doing so. For a LOA emergency request:

- If the student is not able to make the request in advance, then the LOA Request form may be completed by fax or email, requests from medical facilities are acceptable. The student should then come in to sign the LOA as soon as physically possible.
- If the student is incapable of making the request due to mental or physical limitations, the request may be made by the student's legal representative such as a parent, spouse, power of attorney. Proof of the relationship should be attached to the LOA Request form.
- The start date of the approved LOA will be the first day the student was unable to attend.
- The school will document the reason for its decision and attach to LOA.

A student who applies for a LOA under the requirement of CFR 34 section 106.40 (5) (Title IX) which requires the school to grant a leave of absence deemed medically necessary, or in the case of a student who does not otherwise qualify for leave under such a policy, a recipient shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy and recovery therefore a justification of a leave of absence for so long a period of time as is deemed medically necessary by the student's physician, at the conclusion of which the student shall be reinstated to the status which the student held when the leave began. For a student granted a leave of absence under this paragraph, all other requirements of this policy apply except if the leave of absence is going to result in the maximum amount of days that the student will be gone to exceed 180 days in a 12-month period. If leave required by the student's physician exceeds the 180 days, the student Title IV funding will be canceled and the student will have to reapply when they return.

The LOA requested must be for a minimum of 14 calendar days and may consist of no more than 90 calendar days.

If a student requests an extension on their LOA, the student must make the request in person unless physically/mentally incapable, provide a written reason for the extension, and the student and Director must initial the revised return date.

The LOA together with any additional leaves must not exceed a maximum total of 180 days in any 12-month period. When calculating this maximum total LOA days, all periods of non-attendance (including weekends & scheduled breaks) are counted. Since LOA and any additional leaves cannot be more than 180 days, a student's leave of absence may be reduced if the 180th day is scheduled to fall on a day the School would be closed. Leave of Absence requests beyond 180 total days will be denied. If the students' total number of days of all leaves of absence does not exceed 180 days in any 12-month period, the School may allow additional leaves of absence subsequent to a LOA that is granted if:

- The leave does not exceed 45 days (student must take a minimum of 14 days) **and**
- The leave is for unforeseen circumstances

A student returning from a LOA will return to School in the same satisfactory progress status as prior to the leave. A student granted a LOA in accordance with this policy will not be considered withdrawn and no refund calculation will be required. A student on a LOA will incur no additional charges by the School. The student will have their enrollment agreement end date extended by the same number of calendar days taken in the leave of absence. An addendum to the student's enrollment agreement indicating this LOA extension will be dated and signed by both the student and School Director.

A student who is on unapproved leaves of absence or who does not return from an approved LOA on the scheduled return date will

be terminated as of the date he/she was scheduled to return and did not. The student's withdrawal date for the purpose of calculating a refund will be the student's last day of attendance.

Students who have a Title IV student loan and fail to return from the scheduled LOA will have their grace period reduced by the length of the leave of absence. For those Title IV loan students who have an unsubsidized loan, they will incur interest which will be capitalized during the leave of absence.

The School Director will review the LOA request and will either approve or deny the LOA within 3 business days of receiving the LOA written request. The leave of absence will be considered approved once the School Director has reviewed and approved the LOA. The School reserves the right to set the return date from the LOA regardless of the student's request for a particular return date on the LOA request form. The School Director will provide the student a signed copy either approving or denying the LOA request, which if approved, will have an expected date of return from the LOA.

WITHDRAWAL POLICY

Students must notify the administration office if they want to withdraw from their course. For students who withdraw, the following should be followed:

- Students should notify the administration office of their plans to withdraw by either:
 - in person by completing the Course Withdrawal Form -- the withdrawal date is the day the student completes form
 - by mail - the withdrawal date is the postmark on letter
 - by phone - date of documented conversation
- For unofficial withdrawals, 14 consecutive absent days and not on leave of absence, the student is terminated on the 14th day. Title IV students must be terminated on the 14th day according to R2T4 guidelines.

Refunds are to be made according to the Federal Return of Title IV (R2T4) Funds worksheet (if applicable) and the School's refund policy. Refunds are made within 30 days of the withdrawal/termination date.

RETURN OF TITLE IV FUNDS

As required by Federal Regulation, any Title IV aid recipient who withdraws or is otherwise terminated from the course must have the amount of their Title IV Student Aid Funds earned and/or refunded to be calculated in accordance with the R2T4 guidelines. The School will determine the Student's withdrawal date by any official notification (written, in person, by phone) or the fourteenth day from the Student's last day of attendance. The payment period will be used for R2T4 calculations. Payment Period is defined as the number of clock hours applicable to the period for which the most recent Title IV disbursement has been made or is due to be made. The following summarizes the procedure:

- Determine amount of Title IV aid disbursed & amount that could have been disbursed for the payment period.
- Determine percentage of the Title IV aid earned by dividing the hours scheduled to complete by the total hours in payment period. If the percentage is greater than 60% the student will have earned 100% of Title IV Aid disbursed for that payment period. If the percentage obtained is less than or equal to 60% this percentage will be used.
- Determine amount of Title IV Aid that is earned by student by multiplying the appropriate percentage from above by the amount of Title IV Aid that was disbursed and/or could have been disbursed for the Payment Period.
- If amount earned is greater than amount disbursed, a post-withdrawal disbursement must be performed. If amount earned is less than amount disbursed, then a refund must be made to the U.S. Dept of Education by student and/or by School on behalf of student. If amount is equal to amount disbursed then no other action for the Dept of Ed is necessary.

REFUND POLICY

This section explains how tuition, fees, and other charges are earned by the School. The amount earned by the School as described in this section and the student's responsibility for payment to the School of the amount earned - is applicable to all students - regardless of the Return of Title IV Funds requirements. The following policy applies to all terminations for any reason, by either party, including student decision, course cancellation, or School closure.

Official cancellation or withdrawal shall occur on the earlier dates that:

1. An applicant is rejected for training, he/she will be entitled to 100% refund of all monies paid.
 2. A student or parent/guardian, if student is a minor, cancels the enrollment agreement in writing within three business days of signing the enrollment agreement, regardless of whether or not the student has actually started classes, the student is entitled to 100% refund of all monies paid
 3. A student cancels his/her enrollment agreement after three business days of signing the enrollment agreement but prior to starting classes, the student is entitled to 100% refund of all monies paid.
 4. A student notifies the School of his/her withdrawal in writing.
 5. A student on an approved leave of absence notifies the School that he/she will not be returning. The withdrawal date will be the earlier date of expiration of the leave of absence or the date the student notifies the School that the student will not be returning.
 6. A student is expelled by the School.
- Official cancellation or withdrawal is the date determined by the postmark on the written notification or the date the notification is delivered to the School administration in person. Unofficial withdrawals will be determined by the School by

monitoring clock hour attendance at least weekly. A student who is absent 14 consecutive days and is not on an official leave of absence, will be terminated on the 14th day.

- All refunds are based on scheduled hours as of the student's last day of attendance.
- For students who enroll and begin class but withdraw and/or otherwise terminate enrollment prior to course completion, after three business days of signing the enrollment agreement, the following Minimum Tuition Adjustment Schedule earned by the School applies:

MINIMUM TUITION ADJUSTMENT SCHEDULE		
PERCENTAGE OF SCHEDULED HOURS TO COMPLETE		PERCENTAGE OF TUITION SCHOOL SHALL RECEIVE OR RETAIN
0.01%	to 4.9%	20%
5%	to 9.9%	30%
10%	to 14.9%	40%
15%	to 24.9%	45%
25%	to 49.9%	70%
50%	to 100.0%	100%

- Minimum Tuition Adjustment Schedule calculations are calculated per tuition charge for the payment period the student has entered. The student is only financially obligated for tuition charges as he/she progresses through the course and enters each payment period. Transfer and Re-Entry students' payment periods and tuition charges are based on hours needed to complete. The following payment periods and tuition charges are used for calculating the above Minimum Tuition Adjustment Schedule:

PAYMENT PERIOD	HOURS IN PERIOD	TUITION CHARGES
1 - 450	450	\$4700
451 - 900	450	\$4700
901 - 1200	300	\$2950
1201 - 1500	300	\$29500

Or Cosmetology Instructor :

Payment Period	HOURS IN PERIOD	TUITION CHARGES
1-375	375	\$4125
375-750	375	\$4125

- Scheduled Hours are calculated by dividing the number of clock hours the student was scheduled to attend as of the last date of physical attendance by the number of clock hours in the payment period.
- The refund policy applies to tuition charged in the enrollment agreement. The student is responsible for the cost of books, kit and manikins received at the point the student's enrollment is terminated. The supply charge for the books, kit, and manikins the student receives from the School, will be calculated separately at time of withdrawal. The stated value for textbooks, manikins, kit and supplies issued by the School and received by the student will not be refunded. These items received become property of the student to utilize for the educational process and are non-returnable because they cannot be re-sold as we do not market used equipment. The School is not responsible for any books, kit supplies, and manikins not reclaimed by the student within 30 days of withdrawal/termination date.
- Any monies due the applicant or student shall be refunded within 45 days of a determination that a student has withdrawn, whether officially or unofficially.
- In the case of a student prolonged illness, accident, death in family, or other circumstances which make it impossible to complete the course, the School will make a settlement which is reasonable and fair to both parties.
- If a course is canceled subsequent to the student's enrollment and:
 - A. Before instruction in the course has begun, the student is entitled to 100% refund of all monies paid.
 - B. After instruction in the course has begun, a pro rata refund will be provided as in the case of the Minimum Tuition Adjustment Schedule after 50% of the scheduled program hours have elapsed, the student will not be entitled to a refund. In the case of a pro rata refund, this calculation based directly on the scheduled hours versus the tuition paid until the end of the program.
- If the School closes permanently and no longer offer instruction after the student has enrolled, and instruction has begun, the student is entitled to the Minimum Tuition Adjustment Schedule after 50% of the scheduled program hours have elapsed, the student would not be entitled to any refund. In the case of a pro rata refund, this is a calculation based directly on the scheduled hours versus the tuition paid until the end of the program.
- This School does not have a Teach-Out Program
- There will be a \$150 termination/withdrawal fee applied to any student who withdraws or is terminated from the School prior to course completion.
- No additional fee is charged for students requesting transfers to other Schools.
- A student's account may be sent to collections for non-payment.

- Refunds will be distributed to Title IV aid programs (if applicable) then to the student in the following manner:
 - Unsubsidized Direct Loan Program
 - Subsidized Direct Loan Program
 - Federal Pell Grant Program
 - Non-Title IV Programs
 - Student

SATISFACTORY ACADEMIC PROGRESS POLICY

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at this School. It is printed in the School Catalog to ensure that all students receive a copy prior to enrollment. The Cosmetology and Instructor program lengths are both measured in clock hours. Cosmetology requiring 1500 clock hours and Instructor requiring 750 clock hours. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education. **Satisfactory Academic Progress is defined as maintaining a minimum overall academic average of at least 70% or "C" and a minimum overall attendance average of 70%.** At scheduled evaluations, students are informed of theory & practical grades, cumulative grade averages, the number of lab services completed, and attendance. Students receiving funds under any Federal Title IV aid program must maintain satisfactory academic progress in order to continue eligibility for such funds.

Evaluation Periods:

Students are evaluated as follows:

		<u>Satisfactory Academic Progress (SAP)</u>
Cosmetology	60 weeks/1500 hours	450(18 weeks), 900 (36 weeks), 1200 (48 weeks) actual clocked hours
Instructor	38 weeks/750 hours	300 (19 weeks), 600 (38 weeks) actual clocked hours

Transfer students: Midpoint of the course or the above evaluation periods based on scheduled hours to complete the course, whichever comes first.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had one evaluation by midpoint of the course. For students receiving Federal Title IV Title IV aid, the student's academic progress will be evaluated additionally at the end of each payment period to determine the student's continued eligibility for Title IV aid.

Academic Year Definition:

For Title IV purposes, the academic year for each program is 900 clock hours.

Program (28 hrs /week)	Minimum Time	Scheduled Clock hours
Cosmetology	60 weeks	1500 hours
Instructor	38 weeks	750 hours

Attendance Progress Evaluations:

Only full-time students are accepted for enrollment in the Cosmetology course, both part-time and full-time students are accepted for enrollment in the Instructor course. A student's enrollment is based on hours per week, attendance status (full-time/part-time), and enrollment agreement length which includes School holidays. Students must attend a minimum of **70%** of the hours possible based on the applicable attendance schedule in order to be considered making satisfactory academic progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the School will determine if the student has maintained at least a **70% cumulative attendance** since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

Students only attending 70% or less of the total scheduled hours will exceed the enrollment agreement end date. Any student not completing the course within the enrollment agreement time will be charged **\$10 per hour** for additional instruction needed to complete the course. Students may submit written valid excuses (doctor, etc.) to use to have their enrollment agreement length extended by the number of excused absent days. The number of written valid excuses that will be accepted is based on the student's length of enrollment agreement hours as follows: 1-375 hours 3 excused days, 376-750 hours 6 excused days, 751-1125 hours 9 excused days, 1126-1500 hours 12 excused days. Overtime charges will be based on the revised enrollment agreement end date.

Maximum Time Frame:

Students must complete the course within maximum time frame, which does not exceed 150% of the course length, to complete each course at satisfactory academic progress stated below:

	Cosmetology Full-Time	Instructor Full-Time	Instructor Part-time
Hours per Week	28	28	21
Course Total Hours	1500	750	750

Enrollment Agreement Length in Weeks	60	30	38
Maximum Time Frame in Hours	2145	1072	1072
Maximum Time Frame in Weeks	77	39	51
Academic Year 1 in Clock Hours	900	750	750
Academic Year 2 in Clock Hours	600	0	0

The maximum time allowed for transfer or re-entry students who need less than the full course requirements will be determined based on 70% of the scheduled enrollment agreement hours. Students who exceed the maximum time frame of their course will be ineligible for Title IV aid funds and will be responsible for paying the balance of tuition and supplies not paid for by Title IV. If the student fails to make payments on their balance, the student will be terminated.

Academic Progress Evaluations:

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned theory course work (tests, homework, projects, etc.), a minimum number of practical assignments (manikin, student model), and a minimum number of laboratory experiences (client service, student model). Theory is evaluated after each unit of study. Practical assignments are evaluated as completed. Laboratory experiences completed are counted toward course minimum requirements as needed in order to complete the course. In order to be considered as making satisfactory academic progress, the student must maintain a minimum cumulative academic average of **70%** in theory and practical. Theory and practical assignments are graded according to the following grading scale:

THEORY WORK

100 - 90 A
 89 - 80 B
 79 - 70 C
 69 - 60 D
 59 - Below F

PRACTICAL WORK

10 – 100%	6 – 60%	2 – 20%
9 – 90%	5 – 50%	1 – 10%
8 – 80%	4 – 40%	0 – 0%
7 – 70%	3 – 30%	

Each practical assigned skill performed is graded on criteria as listed in the Practical Grading Criteria section in the student handbook. Students receive credit for each service performed on client/student models (or manikins) as needed for graduation requirements. Instructors have discretion to determine when lab services maybe counted toward a similar service total (manicure /pedicure). Services performed should be dated and will be verified by either Instructor's initial or the client sign-in book.

Determination of Progress:

Students meeting minimum requirements for academics and attendance at evaluation periods are considered as making satisfactory academic progress until the next scheduled evaluation point. The School Director will meet with the student within 7 school business days of the Satisfactory Academic Progress Evaluation being generated. The SAP Evaluation will be reviewed with the student. The student & Director will sign & date the SAP Evaluation. The student will receive a copy of their Satisfactory Academic Progress Evaluation at each of the evaluations and the original will be placed in the student file. Students deemed not maintaining satisfactory academic progress may have their Title IV funding interrupted, unless the student is on Warning or has prevailed upon appeal resulting in a status of probation.

Warning:

Students who fail to meet the minimum requirements for attendance or academic progress will be placed on **Warning or Financial Aid Warning (Title IV students) Status** until the next scheduled evaluation period and are considered as making satisfactory academic progress while during the warning period. Students placed on warning status can receive Title IV aid disbursement if scheduled. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation point. If at the end of the warning period, the student has still not met both attendance and academic requirements, he/she will **lose their eligibility to receive Title IV aid**. Students may appeal to the Director if they feel their circumstances warrant such an action. (See **Appeal Process**)

Re-Establishment of Satisfactory Progress:

Students on Warning or Financial Aid Warning Status who meet satisfactory academic progress minimum requirements by the next scheduled evaluation point are removed from this status and considered making satisfactory academic progress until the next scheduled evaluation point.

Appeal Process:

Students who have lost their eligibility to receive Title IV aid for not meeting minimum satisfactory academic progress requirements may appeal the determination to the Director within 14 calendar days. Reasons for which students may appeal this determination include death of a relative, an injury or illness of the student, or any other special or mitigating circumstance deemed acceptable by the Director. The student must submit a written appeal on the Appeal Form describing why they failed to meet satisfactory academic progress standards along with supporting documentation of the reasons why the determination should be

reversed. This information should include what has changed about the student's situation that will allow them to achieve satisfactory academic progress by the next scheduled evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the SAP determination will be reversed, the student will be placed on Probation or Financial Aid Probation Status, an Academic Plan will be developed for the student, and federal Title IV aid will be reinstated, if applicable.

Probation:

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on **Probation or Financial Aid Probation Status** and are considered to be making satisfactory academic progress while during the probationary period, if the student is successful on their appeal. During this time any scheduled Title IV aid disbursements may be made. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the next scheduled evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making satisfactory academic progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation point. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds and will not be able to appeal this decision.

Academic Plan:

Students who are placed on Probation or Financial Aid Probation Status will have to follow an Academic Plan for the next evaluation period developed for them by the Director. During this time frame, students will have to meet minimum satisfactory academic progress requirements of 70% in both attendance and academics. Only the hours earned and grades received in this time frame will be considered as part of the students' academic plan. If these minimums are not met, the students will lose their eligibility to receive Title IV aid and will not be able to appeal this decision.

Course Incompletes, Interruptions, Withdrawals:

If a student's enrollment is temporarily interrupted for a Leave of Absence, the student will return to School in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's enrollment agreement end date and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

Non-Credit, Remedial Courses, Repetitions:

Non-credit, remedial courses, do not apply to this School and therefore have no effect upon the School's satisfactory academic progress standards. For repetition of coursework, if a student does not successfully an exam, the student must retake the exam and score at or above a 70% in order to be considered as completing the coursework. In the cases of retakes, the highest grade will be counted.

Transfer Credits/Hours:

With regard to satisfactory academic progress, a student's transfer hours accepted by this School will be counted as both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted. Satisfactory academic progress evaluation periods are based on actual hours at this School. The only exam grades that the student received at least a 70% or greater at the previous School will be counted as attempted and completed. If the student chooses to retake the exam at this School and scores higher, the highest grade will be counted.

ATTENDANCE POLICY

As stated in our Satisfactory Academic Progress Policy, all students are required to attend all daily scheduled classes with a minimum overall attendance average of 70%.

Absence:

Students who are absent should call the School and notify their Instructor or the Director, otherwise the student may be contacted by School administration. Students may submit written valid excuses (doctor, etc.) to use to have their enrollment agreement length extended by the number of excused absent days. The number of written valid excuses that will be accepted is based on the student's length of enrollment agreement hours as follows: 1-375 hours 3 excused days, 376-750 hours 6 excused days, 751-1125 hours 9 excused days, 1126-1500 hours 12 excused days. Students, who miss 14 consecutive days and are not on an official leave of absence, will be terminated on the 14th day. In calculation of earned hours, the School rounds actual attendance hours to no more than the nearest quarter hours. Students who miss any day as a pattern (Fridays) without submitting a valid written excuse, he/she may be subject to a week suspension, this policy will be implemented at the discretion of School administration.

Tardy:

Students must clock in by 8:30 am. Only those students who submit a valid written excuse (doctor, court, work, etc.) for their tardiness will be allowed to clock in after 8:30 am. A student may also choose to use a Clock-In Tardy Voucher to clock in late. Each student receives up to 5 vouchers based on the hours scheduled to complete per their enrollment agreement (1 voucher for every 300 hours). A student arriving after 8:30 am but no later than 8:40 am has the option to use a Clock-In Tardy Voucher in order to be allowed to clock in. Once the student has used all of their Clock-In Tardy Vouchers, the student will not be allowed to clock in late without a valid excuse as stated above.

Make-up Work:

All assignments or tests missed due to absences must be made-up. Students should schedule make-up work with their Instructor. All requirements for theory, practical, and lab must be complete before a student will be allowed to proceed to the next section level (Basic, Advance); exceptions will be made on a case-by-case basis. All requirements must be met in order for students to take the state board theory exam (unless student has Director's permission) and the state board practical exam.

The morning & afternoon break are 15 minutes each, any student not in class when the class resumes may be clocked out for the time they should have been in class. If a student is performing services on a client during their scheduled break, the student must complete the services then take their 15 minutes break. Lunch breaks are 1 hour which includes getting & eating lunch -- students are not to clock in until after completing their meal. If a student is performing services on a client during their scheduled lunch break, the student must complete the services then take their lunch break. Any time you leave the School grounds in a vehicle; you must clock out & clock in when you return.
